

BUILDING & CONSTRUCTION

The team of experts behind RDA India thinks globally, acts locally, advises individually, and yet has an eye on general social and market-typical sensitivities.

RDA BULK PACKAGING INDIA PVT. LTD. OFFERS A WIDE RANGE OF FIBCS (FLEXIBLE INTERMEDIATE BULK CONTAINERS), ALSO KNOWN AS BULK BAGS. THE COMPANY IS A SISTER COMPANY OF RDA BULK PACKAGING LTD., WHICH HAS THE IDEA OF SUPPLYING HIGH-QUALITY BULK PACKAGING MATERIAL AND HAS SUCCESSFULLY BEEN CATERING TO CUSTOMER'S NEEDS FOR THE LAST 25 YEARS. WE NOW BRING THIS WEALTH OF EXPERIENCE AND EXPERTISE WORLDWIDE, DELIVERING PREMIUM QUALITY AND SERVICE DIRECTLY TO LARGE-VOLUME BUYERS ACROSS THE GLOBE. WE ARE EXPERTS IN OPTIMISING COMPANIES' FILLING, TRANSPORT, AND STORAGE CONDITIONS, OFFERING ECONOMICALLY PROFITABLE AND ENVIRONMENTALLY FRIENDLY SOLUTIONS. IN ADDITION TO FIBCS, WE OFFER A VARIETY OF OTHER PRODUCTS, INCLUDING WOVEN POLYPROPYLENE SACKS, SANDBAGS, GARDEN WASTE COLLECTION BAGS, POLYTHENE BAGS, LINERS, AND MORE. WE CAN ALSO MANUFACTURE PRODUCTS TO MEET SPECIFIC CUSTOMER REQUIREMENTS ON A CONTRACTUAL BASIS. THEY ARE WELL-EQUIPPED TO CATER TO ALL INDUSTRIES WITH THEIR DIVERSE RANGE OF BAGS, ENSURING THAT ALL NEEDS ARE MET.

RDA India offers products that meet modern customer requirements, the highest market requirements, and the collective demand for a sustainable recycling cycle. The service provider works exclusively with certified and tested products, ensuring customers can always rely on compliance with valid quality standards. All of the manufacturer's packaging materials are manufactured using the latest technical developments, providing a reliable solution for your packaging needs. In addition, customers have the option of customizing all bulk bags according to their personal preferences.

RDA India can supply bulk bags manufactured...

From sand to gravel, bulk bags are essential across the building and construction industry. Many bulk bags in this sector offer filling, top closure, and discharge options, ensuring easy handling of heavy materials like aggregates, cement, and construction debris. Durability and strength are crucial, as these bags must withstand rough conditions while keeping materials secure and easy to transport on-site.

RDA India offers several off-the-shelf stock options for immediate delivery.

WHAT'S NEW WITH OUR PRODUCT?

- The uncoated fabric ranges from 110 to 245 gsm (grams per square meter).
- The bags can be printed on up to 4 sides using three colours.
- They are available in coloured fabric.
- They can be designed with a U+2 or circular design.
- The bags can have either a single or two-loop lift.
- Different top attachments, such as skirts or fill tops, are available.
- Various attachments, like a discharge spout, can also be included.
- Our bags are not just versatile but also eco-friendly. They are tax-compliant and contain 40% recycled content by weight.

WHAT RDA CAN DO FOR YOU...

- We always provide fully certified, high-quality products.
- We offer competitive prices.
- We have a comprehensive inventory management system for all your bulk bag needs.
- We can warehouse up to 6 months of your required stock, reducing lead times and helping with your cash flow.
- Your business will be allocated an account manager who can be contacted anytime via phone, email, or a scheduled personal visit.
- We are committed to providing excellent service.

"Experience the power of flexibility, strength, and cost-effectiveness! We are committed to providing you with top-notch products."
