## INNOVATION BEHIND OUR PRODUCT

### GLUED LINER

The Inner Liner is Glued to the Outer Bag by FDA-approved Glue.

### 3X SIFT PROOFING

This is a unique bag for excellent powder powder to avoid product leakage by having three times stronger sift-proof seams.

### IRISH SPOUT

This is a diffuse spout in the shape of a pyjama to support the discharge spout.

### OXYGEN BARRIER LINER

The inner liner prevents the movement of oxygen and acts as an oxygen barrier, enhancing product shelf life.

### FORM-FIT LINER

The inner liner is bottle-shaped from top to bottom and attached by sewing in the Top and Bottom Attachment
